Your Honor,

My name is Michael Ray Pruneau, and I am currently incarcerated at the United States Penitentiary in Marion, Illinois for violating the terms and conditions of supervised release. I had successfully completed two and a half years of my three year term of supervised release before being violated. During my time on release, I was never allowed to be placed in my hometown, where my support is. My father is 82 years-old, and in failing health. Obviously, due to the current health crisis I am worried sick about his well-being and there is simply no legitimate reason for me not to be placed with my father so I can care for him, and be closer to all my family who make up my support system. I honestly believe that, had I been able to go home on my release from prison, I wouldn't be where I am now.

During my incarceration, I successfully completed the Missouri Sex Offender Program (MOSOP), as well as the federal Sex Offender Treatment Program (SOTP). I have also completed three vocational programs with college credit.

I do believe that any additional supervised release is unnecessary. But in the alternative, I am asking to be placed either at my father's residence, or go to the halfway house in Farmington, Missouri, which is much closer than Poplar Bluff, and would allow me to take care of my dad when I'm released. I have never had a problem finding work, and as I said, I am very concerned about my dad. (I'm also worried for my own health here at Marion. It is difficult, if not impossible, to practice social distancing with 1100 inmates). It should also be noted that I already own my own vehicle, and I have savings in the bank to help with the transition back into the community.

However, if the Court feels it necessary for me to serve yet one more year on supervised release, I am asking that the Court arrange for me to serve that term of supervised release (and any half-way house time) closer to my home. This would be consistent with the First Step Act's instruction that defendants be placed closer to home at the beginning of their terms, rather than later.

I believe it would be unnecessarily harsh for me to have to live and work so far from home and my family. The half-way house in Farmington, Missouri is only 20 miles from my father's house, while Poplar Bluff is two and a half hours away. Moreover, it should be noted that, as of 21 January 2021, five months before my release from this sentence, and five months before the commencement of my new term of supervised release, I will have served the entire term of my original sentence of 235 months.

Be that as it may, any help the Court is willing or able to provide would be greatly appreciated. Thank you.

Respectfully submitted,

Michael Ray Pruneau 28006-044

ps. Enclosed you will find a list of all the programs I have successfully completed while with the BOP. This list should inform the Court the seriousness of my resolve to do whatever is needed to live a better life.
